***External dimensions:**

Use as an indicative guide only. For full details always refer to the models specification sheet. Height may include or exclude countertops, optional signs, legs or adjustable castors. Depth may include or exclude back airflow spacer and the depth of worktops. Clear ventilation space of 200mm may be required for some models.

Electrical Information:

All equipment is single phase 220-240V except where indicated. Please refer to the models specification sheet for full details.

SERIES

MISA
SERIES

*External dimensions:

Use as an indicative guide only. For full details always refer to the models specification sheet. Height may include or exclude countertops, optional signs, legs or adjustable castors. Depth may include or exclude back airflow spacer and the depth of worktops. Clear ventilation space of 200mm may be required for some models.

Electrical Information:

All equipment is single phase 220-240V except where indicated. Please refer to the models specification sheet for full details.
